

## LCC's Fresno Safe and Proud Neighborhoods AmeriCorps Program Commemorates César Chávez's Birthday with a Playground Build

LCC's Fresno Safe and Proud Neighborhoods AmeriCorps Program celebrated César Chávez's birthday with a day of service in Del Rey. Twelve Neighborhoods AmeriCorps members and staff along with an estimated 150 community volunteers joined together for KaBOOM! – a community-build playground project that provides new play space for children.

Volunteers were hard at work at Boys and Girls Club of Fresno County in Del Rey, building the playground structure, gazebos, park benches/planters, and picnic tables; painting a picture of planet Earth on the asphalt and a mural of César Chávez on a building wall; and planting a community garden.

This Del Rey playground was part of a larger 10-city playground build honoring the life and legacy of Cesar E. Chavez. Partnerships included our Local Conservation Corps, CaliforniaVolunteers, Office of the Governor, Cesar E. Chavez Foundation, Wells Fargo Bank, and the Volunteer Center of Fresno.
