Combination Satellite Office Opens in Kerman

Kerman Satellite Office Now Open!

The paint is fresh, the toys are in place, the office furniture is set and everything is ready to go with our new satellite office in Kerman, California. Located on Madera Avenue, just south of Whitesbridge Road, the new center combines Head Start and Early Head Start in the same office suite. The front office contains Early's socialization room, while the middle offices contains cubicles for the FDS's and HBE's, a work table and a huge wall of shelves to store all their resources. The back rooms contains a kitchen and the Home Base supervisor's office. Congratulations to Evelyn Vercher, Kathleen Shivaprasad and Lupe Zuniga and to all who participated in making this dual purpose satellite office a reality.

Maria Zarate, Home Base Supervisor is proud of the new Kerman Satellite and of the chance to serve families in the Kerman community.

CHP Honors Three Safe Drivers

Safety is the number one priority for our Transit Systems, and three of our very own were honored for their dedication to safety with the California Highway Patrol's Blackwell Award. Transit Systems bus drivers, Naomi Andrews and Lance Haxton and Supervisor/Trainer, Rosalind Esqueda were honored for logging in 20-years of accident-free driving.

The Blackwell Award is named after Robert C. Blackwell, a CHP officer and the first School Bus Pupil Safety Officer in the Valley. Officer Blackwell served 20 years with the California Highway Patrol before retiring. Now, the Blackwell Award recognizes drivers for their 20-year commitment to public safety as school bus drivers.

"We are very proud of Naomi, Lance, and Rosalind," says Gary Joseph, Transit Systems Director. "Their dedication to safety shows the dedication all our Transit Systems drivers strive to achieve each day." Congratulations to all for their achievement.
